

ATTENTION CHAMP SHOW PARTICIPANTS!

As many but not all of you know the State has rules that they want the State Fair & us to follow and that is ONLY trucks/cars park on the pavement in the parking lot behind the barns because of the runoff into the public drainage system. So what we are asking is that if you park out there that ALL trailers are on the gravel areas. With one little catch.....if you have a living quarter in your trailer that portion can be on the pavement along with your truck for camping. Just the horse hauling portion needs to be in the gravel. The State Fair has been working with us for the past couple of years but we need to improve the outcome just a little more & with everyone's cooperation we can do this. If we cannot make this work we will need to look into alternative solutions.

Also, due to the fact that more & more people are camping & rigs are getting bigger we need to ask that all vehicles not hooked to the camper go over onto the pavement & leave room for the campers still coming in throughout the Champ Show.

Thank you for helping us make this a smoothly run show!
